LBHA Strategic Plan

Goal	Objective	Strategy	Performance Measure
Calvert County will develop and maintain a system of crisis services appropriate to meet the needs of our residents, that diverts individuals from hospitalization and incarceration when appropriate.	The Calvert County Mobile Crisis Team will transition to billing the Administrative Services Organization for the services provided.	The Calvert County Crisis Services Subcommittee will identify and recommend the appropriate model for mobile crisis services within our county by FY26.	1 MCT staffing model approved by the crisis services subcommittee
		The Calvert County LBHA will identify and advocate for supplemental grant funding to support 24/7 operations of the local Mobile Crisis Team (if necessary) by FY26.	1 evidence backed budget for supplemental grant funding received and submitted for funding
		The Crisis Services Subcommittee will explore sustainable models for billing Urgent Care Walk-in services to an OMHC license by FY26.	1 implementation plan for sustainably billing crisis walk-in services in an OMHC in a low volume, semi-rural area
	The Calvert County Behavioral Health Advisory Council Crisis Services Subcommittee will implement a high utilizer meeting by 2026.	The Crisis Services Subcommittee will develop relevant policies and procedures to implement a high utilizer meeting by FY26.	1 high utilizer policy and procedure manual
		The Crisis Services Subcommittee will execute an MOU with local stakeholders establishing a local high utilizer meeting by FY26.	1 High utilizer meeting MOU
		The high utilizer meeting will meet to coordinate high utilizer care by FY26.	3 High utilizer meetings held

Past Achievements

FY25 review

- Coordinating crisis stakeholders to enhance our local crisis system of care
- 988/911 Collaboration
 - Working with crisis stakeholders to design, test, and implement workflow
- MHFA Training for First Responders
- Development of High Utilizer definition and coordination meeting
